# HARSH SHARMA

+91 7499727939 harshgsharma1501@gmail.com Codolio LinkedIn GitHub Portfolio

## Education

**Veermata Jijabai Technological Institute, Mumbai** **Sep 2023 – Jun 2027**
*B.Tech in Computer Engineering*

**A.K. National High School, Khamgaon** **Jun 2021 – Mar 2023**
*HSC (Science): 79.50% – SSC: 97.60%*

## Experience

**Ashley Global Exim** **Jul 2025**
*Software Engineering Intern* *Remote*

- Developed and deployed a **responsive 6-page website** using **React.js, Vite, and Tailwind CSS** with 18 reusable components, achieving a **94 Lighthouse Performance score** and **LCP under 2 s** on mobile.
- Integrated **EmailJS** for serverless contact-form handling, enabling direct customer inquiries without a backend and capturing **25+ leads in the first 2 months**.
- Managed **Hostinger deployment, custom domain, and DNS setup**, and delivered **4 rounds of UI/UX revisions** from client feedback across **50+ commits**.

## Projects

**Swiggy RAG System** |*Python, LangChain, FAISS, google/flan-t5-base, Streamlit* Repository

- Engineered a hybrid **RAG system** on the Swiggy FY24 Annual Report using **FAISS, MPNet embeddings, and local FLAN-T5** (160+ chunks, top-5, 0.55 similarity threshold), with a **Streamlit UI** showing confidence scores, page-level sources, and previews.
- Built a query router with **regex-extracted structured data (8 financial metrics)** for deterministic answers and relevance filters that refuse unsupported queries, passing the benchmark cases.

**Zostel- Hostel Management Information System** | *React, Node.js, Express, SQLite, JWT, REST APIs* Repository

- Developed a full-stack hostel MIS with **React, Express REST APIs (33 endpoints), and SQLite** across **10 modules**, covering student CRUD, room allocation (**5 hostels, 600 rooms**), fee payments, maintenance requests, and reporting.
- Built **JWT auth with bcrypt and RBAC for 5 roles**, and designed a **12-table schema with 9 indexes** powering SQL analytics and **8 Chart.js dashboards**, with API responses averaging **under 16 ms** on seeded data.

**JobTrack - Job Application Tracker** |*JavaScript, Chrome Extension APIs, Manifest V3, HTML, CSS* Repository

- Built a **local-first Chrome Extension (Manifest V3)** that detects job postings while browsing and enables users to save and manage applications directly from the browser.
- Implemented **job-posting detection and extraction** using content scripts, allowing users to capture relevant job details without manually copying information between websites.

## Achievements

- Secured **1st place** out of **20+ teams** at **SuperNova'23** (E-Cell VJTI), a national-level innovation & entrepreneurship challenge; awarded a cash prize of **INR 20,000**. Proof
- **Competitive Programming:** Solved **1000+ DSA problems** across multiple coding platforms, strengthening algorithmic problem-solving across core and advanced data structures. Codolio
- Scored **98.35 percentile** in **JEE Main 2023** and cleared **JEE Advanced 2023**, placing among the top **2%** of candidates nationwide.
- Achieved **99.72 percentile** in **MHT-CET 2023**, ranking among the top **0.28%** of over **300,000** candidates.
- Ranked among the **Top 3** at the **Sub-district Chess Championship** (2017–2019) and represented the school at the **District Level** for three consecutive years.

## Technical Skills

**Languages:** C++, JavaScript, Python, SQL, HTML5, CSS3
**Core CS:** Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks
**Frontend:** React.js, Vite, Tailwind CSS, Streamlit
**Backend & APIs:** Node.js, Express.js, REST APIs, JWT Authentication, EmailJS
**Databases:** MongoDB, MySQL, SQLite
**AI/ML & Other:** RAG, LangChain, Prompt Engineering
**Tools & Platforms:** Git, GitHub, VS Code, Linux

## Leadership

**Technovanza, VJTI** |*Sponsorship Executive Head (2024–25) → Marketing Head (2025–26)* **Oct 2024 – May 2026**

- Spearheaded **end-to-end marketing initiatives** for Technovanza, collaborating across teams to **expand outreach, amplify festival visibility, and increase student engagement**.

**Enthusia, VJTI** **Oct 2023 – May 2024**
*Event Head (Chess)*

- Led **end-to-end planning and execution** of the chess event, managing **registrations, player fixtures, on-ground coordination, and prize distribution** to ensure seamless event operations.
